He Didn't get the Pass.
"Say Mr. King I think you ought to let me have a pass onto the grounds for the coming fair." This is the way a gentle morning.
Mr. King inquired what was his claim for a pass and the man said: "Why I put up and take care of teams and accommodate the patrons of the fair. I think I ought to be considered by the S. Society and have a pass onto the grounds."
"I don't doubt it," said Mr. King, "but do you suppose the Society is going to give a premium for your keeping teams from coming onto the grounds and taking care of them out-side. Why every team that comes onto the grounds pay 25 cents, and for every team taken care of outside we lose the quarter and hardly afford to give a pass on that score," said Mr. King.
Probably that man thinks Mr. King is a great big hog.
Among other improvements on the ground, the fair ground fence has been greatly improved in appearance this year. New fence has been put up over a portion of the ground. The Paris Advertising Company have leased a long string of tasty and artistic advertising signs painted on it, advertising local merchants of South Paris and Norway.

EARLY NOTES OF THE COMING GREAT SHOW
Gathered in Advance.
Mrs. Braden can be found at the old stand in the corner. For ten or a dozen years she has fed the hungry multitude and turned none away empty handed.
The Universalist Society of Norway and the Congregationalist Society are to have their visiting houses in order and are to cater to wants of their friends. There is no need of any one going hungry if they only have the money to buy with.
The Oak Tree Restaurant, S. F. Briggs, property and owner is open for business. Don't Sam a model man for a enterer. Built just right and looks just right and may be just lazy enough.
The Ladies' Society of the Congregational church so Paris have things well under way at their eating house. We noticed cards of pies more or less—and things to go with pies. Mrs. Judge Wilson informs us it means lots of hard work and if they had to hire their help after paying their land rent. "The time was" says Mrs. Wilson "when we had a good lot of regular boarders, but when the directors allow the stock and housemen to go in and out at the gate we lost that business as they got boarded outside the grounds." "Of course we would like to have that privilege revoked," added Mrs. Wilson.
A. M. Lovey has leased the stand occupied last year by F. E. Carpenter and will run a restaurant.
The grounds of the Society were never in better trim for the annual cattle show than this year. Considerable new fence has been built and paint has been used to a good purpose.
The sign painting of W. P. Norton is attractive and shows off to good advantage. Many enterprises, firms and individuals of the two villages. It is a protection to the fence and looks like a pictorial chromo on a large scale.
It shows business enterprise at any rate.
Inside the grounds, paint, white wash and new boards have been applied. All advertising matter has been taken down and by a decision of the trustees no more advertising matter is to be put up with paste. You can tack up your matter but not to paste. Good idea, too.
B. Walker McKen, Augusta Secretary of the Maine Board of Agriculture, is sending out reports for '96. They contain reports of the doings of the Board, various meetings and institutions held, of the State Pomological Society and of the Maine Experiment Station. It is sent free to all citizens of the state who apply for it. It contains a full account of the proceedings of State dairy conference held at Norway, last December. We advise everybody interested in cows to get a copy of this report and read "The Board lectures on practical work in the dairy. Governor Board is one of Norway, and his talks are full of every day common sense, easy to understand and easy to follow.

The Man at the Front.
Of all the opticians in a certain locality some one of them must be in front—must be the best.
One of them gets the name for accuracy, safety and success. People learn by experience and hearsay that if they go to him to have their eyes examined and fitted with glasses there will be no "guess work" about it. They know the work will be done effectively and at moderate cost. Extreme care, long experience and accurate knowledge have made my work popular with particular people. Everybody ought to be particular when they start out to have their eyes attended to.

on the grounds.

A charter for the Agricultural Society
in Oxford County was granted by the
Legislature in 1837, but no organization
was effected under it. In 1843, 1845, the
first officers were elected:

1843: K. Goodenow, Paris, President;
1845: J. P. Farnham, Vice President;
1847: S. Keith, Oxford, Corresponding Sec-
retary.

1849: J. P. Farnham, Paris, Recording Secretary and
Librarian;
1851: J. P. Farnham, Paris, Treasurer and Collector;
1853: J. P. Farnham, Paris, Secretary.

August 24, 1842, the name Oxford
County Agricultural Society was accepted
and the act of incorporation adopted and
subscribed to. The act to incorporate
the Oxford County Agricultural Society
was approved April 19, 1841. The con-
stitutors named were: John Kimball,
Levi Brown, Franklin Hosmer, John
Warren, Edwin Kimball, Noah Prince,
Job Prince, Charles Andrews and George
W. Cushman.

The first meetings for the forming of
the Society were held at the Paris Court
House. The first Agricultural Fair ever
held in Oxford County was held at Nor-
way Village, October 19, 1842. Francis
O. J. Smith of Paris donated an ad-
dress at this fair and a goodly number
of prizes were awarded for farm products, etc.
